

ACTIVE UK RECRUITMENT MANIFESTO

Active was established on the core principle that innovation, fresh thinking and new ways of operating can come from anywhere and having a diverse team is critical to our success.

We are an equal opportunities employer and positively encourage applications from potential new Activians regardless of sex, race, disability, age, sexual orientation, gender or gender reassignment, religion or belief, marital status, pregnancy, maternity, physical ability or attributes, cognitive processing style, political views and socio-economic background.

This Recruitment Manifesto outlines our commitment to support everyone involved in the recruitment process to be the best they can be. It includes both Active's positive action steps as well as the expectations we have of our recruiting partners.
